HOSPITALITY IN HEALTHCARE

Designing a healthcare facility in a functionally smart way, without compromising on personal character and a pleasant atmosphere, is an art. Hospitality makes all the difference here. We are convinced of that. Kaja approaches optimal healthcare interiors from a hospitality perspective, with healthy hospitality and comfort as the starting point.

We believe that the interior design of a healthcare facility or residential environment can contribute positively to the well-being of residents. Whether for a short or long period, feeling at home is very important here. Healthcare design is about more than just practical use, functionality, and sustainability. Comfort and style are just as important. We take all these aspects into account and have the right experience to carry out everything from A to Z.

BY AMI

How do you turn your restaurant into a brand experience? By Ami shows that it's all about striking the right balance between atmosphere, concept, and details. In Rotterdam and The Hague, it has become a household name: colorful, international, and always vibrant. The dishes are surprising, but it is the overall experience that makes the biggest impression. As soon as you step inside, you are transported to a world that is consistent from start to finish. That is the power of a consistent and well-thought-out experience: each establishment feels unique and yet unmistakably By Ami. Each with its own character, yet always recognizable. You can now find By Ami at three different locations: urban bistros in The Hague and De Kop van Zuid Rotterdam, and the new By Ami Café in the Wijnhaven in Rotterdam.

BY AMI: WHERE EXPERIENCE TURNS INTO MAGIC

Each location has its own atmosphere and story, but together they form a single recognizable By Ami experience: distinctive, colorful, warm, and always surprising. The strength lies in the layering: from artistic walls to rich materials, from unexpected details to bold patterns. Everything contributes to that feeling of “being somewhere else.” The Nilly and Bobby chairs, featuring unique prints and colors, and the Vinnie benches that recur in every store, form a clear signature. These are elements that connect the spaces, but always adapt to the story of the location. This creates a collection of interiors that reinforce each other without ever repeating themselves.

SOFA VINNIE CUSTOM MADE

The magic of By Ami lies in daring to tell a story, and you can feel that as soon as you step inside. At Kop van Zuid, you will discover a magical fairy tale full of butterflies and dreamlike details. In The Hague, you walk through an urban jungle with three atmospheres: from sunrise to sunset to a neon-lit night full of Avatar energy. And in Rotterdam Center, a savannah awaits, where zebra accents, peacock prints, and warm materials come together to form a vibrant world. Despite the differences, the common thread remains visible: By Ami creates hospitality that goes beyond food, the interior tells the story, and the guest is part of it.

‘An oasis in Rotterdam’

“At the third location, By Ami Café in Rotterdam city center, I had the opportunity to work closely with the owner as an interior designer. He is someone with a strong and distinct vision of atmosphere. From that interaction between creative design and personal taste, a world was created that feels like an oasis in the middle of the city. Savannah influences run through the space like an organic thread: a cast floor with golden streaks like sunlight on sand, natural materials, warm wood structures, rattan lamps, bamboo details, and lush plants that allow the space to breathe. It is a place full of layered light, texture, and story. An innovative interior where all the elements come together to create a recognizable By Ami experience that can be felt in every corner.”

The Old Bakery is no ordinary restaurant, but an invitation to step into another era. In this monumental building from 1910, once the bakery of J.W. Gunther, the charm of the roaring twenties comes back to life. Wine red, emerald, and cognac form the rich color palette, with marble, velour, dark wood, and mirrors lending warmth and depth to the space. Even the music fits the era: swinging, stylish, and full of energy. The Old Bakery is a wine and dining bar where atmosphere, taste, and sound come together to create an evening that naturally lasts longer. No stiff setting, but lively, inviting, and full of character. A place where you stay because everything is just right.

EXPERIENCE THE CHARM OF THE ROARING TWENTIES

The interior of The Old Bakery has been designed with great care. The fabrics have been chosen with the utmost attention and give the entire space a warm, rich appearance. The bar has a composite marble top, as do the round table tops. The other table tops are made of solid oak combined with copper-colored bases. Custom-made benches in various heights and seating areas ensure comfort and an inviting layout. The combination of luxurious upholstered bar stools and elegant chairs creates atmosphere and layering without making the space feel crowded. The lighting, fully tailored to the atmosphere of the restaurant, gives the establishment its characteristic warm glow. The result is an interior in which everything is just right and where the experience comes to life naturally.

CHAIR **SARAH**

At The Old Bakery, it's all about enjoying time together. Tables slowly fill up with small dishes meant for sharing, while glasses are refilled again and again. With more than thirty wines by the glass and a wide selection of bottles, there's always something new to discover. The atmosphere is lively but relaxed, as if you're sitting down in a place you already know. It's that combination of hospitality, character, and timeless charm that not only makes you want to stay a while, but also keeps you coming back.

BARSTOOL **CASINO** ROTATABLE

'The 1920's as inspiration.'

"For The Old Bakery, we wanted to translate the warmth and elegance of the roaring twenties into a contemporary, homely wine and dining bar. The monumental building, with its high ceilings and art nouveau details, called for a layered and atmospheric design. In collaboration with the owners, we carefully coordinated every fabric, shape, and material choice so that the interior not only exudes style but, above all, feels pleasant and familiar. The combination of rich textures, custom-made furniture, and subtle references to the 1920s creates a space where you come in for a glass of wine, immediately feel at ease, and effortlessly stay the whole evening."

CHI CHI UTRECHT

Forget everything you know about traditional golf clubs. Chi Chi is not a place of rules, memberships, and dress codes, but of energy, freedom, and fun. Here, golf becomes an experience: a mix of sport, play, and hospitality in a bold design. On the ultra-modern driving range with countless tees, pro studios, and interactive games, every shot becomes a moment of experience. The compact 9-hole course is the playful heart of the venue, while the restaurant and bar form its lively soul. From a relaxed round of golf to an evening of cocktails on the terrace, Chi Chi is all about enjoying time together in an environment that sparkles with style and personality.

GOLF PLEASURE WITH THE WOW FACTOR IN UTRECHT

The interior of Chi Chi has been carefully tailored to the versatile functions of the spaces. The design has become a translation of entertainment, sports, games, and experience. “Traditional” was thrown overboard and it was okay to color well outside the lines. With the Vintor bar stools and Prade chairs, the interior offers both seating for diners and cozy corners for a drink. After a round of golf, the custom-made benches invite you to relax, while the rich materials, soft fabrics, and striking colors create a dynamic and warm whole. Everything has been thought of. The result is a modern, flamboyant interior in which energy and comfort reinforce each other.

MARIJE DE GOEDE
INTERIOR DESIGNER

CHAIR **PRADE METAL**

The bar offers a magnificent view of the driving range. With a choice of three types of heated bays, Chi Chi is the ideal location for golf in every season. The Luxury Bays are furnished with Viggo lounge sofas with outdoor upholstery, while the Comfort Bay features high tables with stools, ideal for drinks and games.

Custom made!
The Viggo benches are upholstered with outdoor fabric for Chi Chi!

SOFA **VIGGO**

‘A real gamechanger!’

“Chi Chi was inspired by a famous golfer, whose playing style formed the basis for the design. The venue deliberately breaks with traditional golf club culture: it is accessible and without decadence. The goal was to create a unique and distinctive place where people can enjoy golf, snacks, drinks, and conviviality. Anything was possible and allowed, as long as it was a little over the top and I thought outside the box. The combination of art deco patterns, modern colors, and classic details such as chandeliers and fringed lamps creates a playful yet stylish whole. Designing two floors, each with its own character and such a distinctive style, yet forming a whole, was a challenge. But the result is something we are proud of and that tells the story behind Chi Chi: bold, cheerful, and with a nod to luxury.”
